At the beginning of the meeting, we discussed what we went through in the stuff meeting with DR. Trevas and the TA. We discussed how they felt comfortable with the new design. Based on that new design we are working on the table and make sure that the dimension fits the device.

(90 minutes)

Presentation progress

We are working in the power point and dividing the topics between the team members. Then went through comparing between the previous design and the new design.

And for the updates, we are working more to provide a high quality labeled image of the design. Also we are working on solid work and we will be done before presentation.
