

Meeting Time: 3:30 – 7:00 PM
7 October 2017
Winona, AZ

Team Meeting

Attended meeting:

- Saood Alazmi
- Ahmad Almuhanha
- Conor Rich
- Michael Torres
- Lucas Veteto
- David Trevas
- Flagstaff Flyers

Discussion:

The team had a meeting with the flagstaff flyers. They showed the team various plane designs, materials, and knowledge on how to build a plane. Flagstaff Flyers showed off their planes and demonstrated how well they can build planes. A couple of team members were able to practice flying a plane with the help of the Flagstaff Flyers. The team also discussed about having the Flagstaff Flyers host a SAE Meeting.

Next week expectations:

Each member must continue researching a component of the plane and discuss it to the team on the next meeting. Try to understand the center of gravity of the airplane. Also to learn anything that will benefit to design and competition. Try to finish the deliverables due for capstone.
