

EE486 UGrads Registration

Poster Presentations

General Information

- *Due Date:* March 8 (technically, you can register as late as March 17, but I would like to see you all register before then to ensure no one forgets the day of the deadline)
- *Grading:* Grading will be done at group level, 0 or 100%.

“The Undergraduate Symposium is a NAU campus-wide celebration of student achievement. Students, faculty and project sponsors present their collaborative efforts to the University and the general public. Teams present projects ranging from capstone designs to sponsored research to summer research projects. These creative endeavors demonstrate the innovative capacity at Northern Arizona University in a tangible way. This is an opportunity for students and faculty alike to engage in something real and authentic outside of the conventional classroom through participation in a public showcase.”

The Assignment

See the UGrads Registration Instructions at:

https://nau.edu/ceias/ugrads/#Student_Registration_Process

Follow these instructions and register by the assignment deadline. Once you have registered, upload evidence that your group’s registration is complete to BBLearn. This can be a screen shot or pdf (ie from the confirmation email), and does not need to be in memo format. Do name your file with your group name, not just “ugrads.pdf.”

Deliverables

- Register for UGrads!
- Submit evidence of registration via BBLearn.
